Medical inspection of the Central College Hostel

Letter No 214 dated the 20th February 1901 from the Principal of the Central College, Bangalore

Note

In the above letter, Mr J Cook, the Principal of the Central College, states that at present there are 84 students residing in the College Hostel, and brings to notice the pressing necessity of making some provision for the regular medical inspection thereof He suggests that any of the Medical Officers who are in charge of the Jail the Lunatic and Leper Asylums and the Medical Stores, may be directed to visit the Hostel daily and attend to any cases of illness among the students, a daily report of the Med Officer's visit being kept in a special diary in the Hostel Office for the info and satisfaction of the Principal For this duty, Mr Cook proposes to

*1 Statement of case in narrative form in regular sequence of subject matter or date

Note Cooke

In this Office docket No G 4289 dated the 29th February, 1904, the Senior Surgeon was requested to report whether under the circumstances represented by Mr Cook in the above letter, he could arrange for

for one of the Medl Officers mentioned by Mr Cook, visiting the College Hostel daily and attending to any cases of illness among the students

The Principal of the Central College was requested to report how the allowance of Rs 30 a month proposed by him to be given to the Medical Officer visiting the Hostel could be met In reply to this reference, Mr Cook states that the allowance in question may be met from the funds in his hands at the credit of the Institution until the end of the present official year, "provided that from that date the allowee shall be excluded by the Medical Deptt of the State in the Budget allotment for medical Care of other Govt Institutions such as Hospitals, Jails &c"

2.

Mr Cook states that the prevention of serious disease among a large number of students has even a stronger claim on the Govt than the guarding against the spread of disease among a lot of Criminals

~~Submitted both drafts for orders~~

8/8/04 The question is, Why the Medical Officer in charge of the Jail who gets an allowance of Rs 100 for attending for a few hours in the morning should not be made to attend the College Hostel without any additional remuneration, which

Mr Cook suggests to be put from
the Medical Budget from year to year

The allowance of Rs 100 given to the Medical Officer in charge of the Central Jail, is a total allowance which cannot form part of his remuneration for any other work - Please see article 115 of the Service Regulations

You can ~~can~~ any other Medical Officer be required to look after the Hospital Boarders, in addition to his own duties without being paid for it -

The charge is not provided in the Medical Budget -

The arrangement recommended

The Principal in his present
letter No 21 dt 21/7/04 states that
the allowance of Rs 30 per mensem
proposed for a medical officer
for inspecting the Students'
Hostel can be met from the
income of the Hostel

He also states that the
Victoria Students' Hostel, Madras,
which is much larger than

the one at Bangalore is not regularly inspected by a medical officer, but as there is plague in Bangalore he thinks that it would be better to arrange for regular medical inspection if an officer can be spared for the small allowance of Rs 30 per mensem.

As the Senior Surgeon has already stated that the ~~office~~ Superintendent Vaccine Institute ~~to charge of the Lunatic and the Leper Asylums~~ might attend to the work referred to and draw the allowance of Rs 30 proposed a draft sanctioning the proposal is subd for approval

for the Jail and Asylum of the Hostel a medical officer here is an urgent want - Mr Abbey Naidu will quite suit - He is nothing but fair that he should be given a small allowance for this extra work - The allowance proposed, namely Rs 30, is by no means excessive and the Hostel funds are quite able to bear the charge - My only doubt is, whether having regard to the recent com- plaints about - had food a Brahmin Medical Officer should not be found for this work Mr Cook tells me that if a Brahmin Medical Officer is appointed as Hostel Medical Officer he may be instructed to look at the food supplied & report to him anything that may be wrong - Col Lumsden whom I have consulted is of

Sir,

I have the honor to bring before Government the urgent necessity of having some provision for the regular medical inspection of the Central College Hostel. There are at the present time 84 students in residence and I would suggest that the Medical Officer who is in charge of the Jail or the Lunatic Asylum, Leper Hospatal and Medical Stores should also be ordered to attend daily the Hostel and attend to any cases of illness among the students, a daily report of his visit being kept in a special diary in the Hostel Office for my information and satisfaction.

Such an Institution as the Hostel is no less worthy of medical supervision than the Jail, and if there had been some arrangement such as I now propose the case of plague which occurred in the Hostel in November last would most likely have been more quickly detected than it was, and the injury to the Hostel caused by the scare which gave the students would have been avoided. I would suggest that a small special allowance , say of Rs30/- , mightbe paid to the medical man entrusted with this duty.

Trusting thatthis matter may receive the very early attention of the Government and the Senior Surgeon,

I have the honor to be

Sir,

With reference to your No.4288 dated 29th February 1904, enquiring from what source the allowance of Rs30/0 per month, which I propose should be given to a properly qualified Medical Officer for medical supervision of the Hostel, should be met, I have the honor to say that it may be met from the funds in my hands at the credit of the Institution until the end of the present Official Year, provided that from that date the allowance shall be included by the Medical Department of the State in the budget allotment for medical care of other Government Institutions such as Hospitals, Jails &c.

It appears to me that the prevention of serious disease among a large number of students such as are collected in the Hostel has even a stronger claim on the Government than the guarding against the spread of disease among a lot of criminals.

From

The Principal,

To

The Secretary to the Govt of His Highness

the Maharaja of Mysore, Genl. & Rev. Depts.

Sir,

With reference to your No.433/613 dated 19th July 1904 I have the honor to send abstract of Income and Fxpenditure from the opening of the Central College Hostel in February 1901 upto the end of last Official year.

Year	Income	Fxpenditure	Balance
1901	9653-11-9	8888-0-2	765-11-7
1902	10401-14-0	9269-5-8	1132-8-4
1903	9935-5-0	9105-3-0	830-2-0
1904	4415-3-10	3859-8-0	555-11-10.
	34406-2-7	31122-0-10	3284-1-9

From this it will be seen that the funds might allow of the expenditure proposed by me.

2 Of course my proposal was the outcome of the trouble we had at the end of last year in connection with a plague case which had occurred among the boarders of the Hostel. During the recent holidays however I discovered that there is no regular medical supervision provided for the much larger Victoria Students Hostel, Madras and I have been hesitating therefore, since that is so, to urge my recommendation. On the other hand we are specially situated in Bangalore in the neighbourhood of regularly recurring plague cases and probably it will be better therefore, provided a satisfactory medical man can be sent by the Senior Surgeon for the small allowance of Rs30/- per mensem that my original recommendation be adhered to.

Further such a medical man would be of service to assist

If need be to certify to, the quality of si
provisions as milk, ghee &c , supplied to the Hostel boarders.

I have the honor to be,

Sir,

Your most obedient servant,
